

These are a few of the examples of what I did and where I worked when I worked for

Saginaw Steering Gear.

Also some of the things to show you my capability to do before I had the stroke.

HEADQUARTERS  
3d ARMORED DIVISION (SPEARHEAD)  
OFFICE OF THE SIGNAL OFFICER  
APO 39, US Army

29 April 1957

SUBJECT: Letter of Appreciation

TO: SP3 Alvin C. Schmidt  
143d Armored Signal Company  
3d Armored Division (Spearhead)  
APO 39, US Army

1. I wish to take this opportunity prior to your departure from Germany to express my appreciation for your contribution as a team chief of a light radio repair team in the Division Signal Maintenance Section of the 143d Armored Signal Company, 3d Armored Division.

2. Your devotion to duty and unfailing hard work have aided materially in the accomplishment of our assigned mission in Europe. The manner in which you performed your duties as a team chief was instrumental in providing the necessary communications for the effective operation of the 3d Armored Division. You did an excellent job in radio repair, especially in AM radio repair. You have worked well with or without supervision, and have proven to be extremely reliable. The cheerfulness, intelligence, and extra effort with which you performed your assigned tasks both in the field and in garrison, have been an asset to this unit and to the Army.

*Frank J. Evans*
